

NOTICE OF AMENDMENT**Publication of Manuals of Standards (MOS) relating to Air Navigation Services and revocation of MOS-AT, MOS-ATS, MOS-IFPD, MOS-AIS and MOS-SAR**

Please be informed that the following Manuals of Standards (MOS) relating to Air Navigation Services listed in Column 1 of the table below have been published. These MOSes specify the organisational requirements of an air navigation services provider, and technical requirements relating to the provision of aeronautical telecommunications, air traffic service, instrument flight procedure design, aeronautical information services and search and rescue. The new MOSes will replace the MOSes listed in Column 2 of the table below with effect from 15 April 2024 and they are available at the [CAAS website](#).

Column 1: New Manual of Standards coming into effect on 15 April 2024	Column 2: Manual of Standards to be repealed on 15 April 2024
Manual of Standards (170 – Air Navigation Services Provider) 2024 (“MOS-170”)	–
Manual of Standards (171 – Aeronautical Telecommunications) 2024 (“MOS-171”)	Manual of Standards – Aeronautical Telecommunication (“MOS-AT”)
Manual of Standards (172 – Air Traffic Services) 2024 (“MOS-172”)	Manual of Standards – Air Traffic Services (“MOS-ATS”)
Manual of Standards (173 – Instrument Flight Procedure Design) 2024 (“MOS-173”)	Manual of Standards – Instrument Flight Procedure Design (“MOS-IFPD”)

Manual of Standards (175 – Aeronautical Information Services) 2024 (“MOS-175”)	Manual of Standards – Aeronautical Information Services (“MOS-AIS”)
Manual of Standards (176 – Search and Rescue) 2024 (“MOS-176”)	Manual of Standards – Search and Rescue (“MOS-SAR”)

Should you have any suggestions or comments on the MOSes, please provide your feedback to <https://go.gov.sg/publication-feedback>.
