

NOTICE OF AMENDMENT

Amendment to the Manual of Aerodrome Standards

Please be informed that the Manual of Aerodrome Standards (MOAS) has been amended to align with Amendment 15 to Annex 14, Volume 1 – *Aerodrome Design and Operations* to the Convention on International Civil Aviation.

The amendments update requirements on selected physical characteristics and visual aids used at aerodrome and notes to the specifications. Key amendments include:

- Reduction of overall width of taxiway and its shoulders;
- Nomenclature for taxiway designation;
- Illumination requirement for runway guard lights.

The MOAS (version 2.5) comes into effect on 14 August and can be found at the [CAAS website](#).

Should you have any suggestions or comments on the IC, please provide your feedback to <https://go.gov.sg/publication-feedback>.
