

## **Biographies**

---

### **Mr Kevin Sawyer**

Head of International Operations – Aviation Security, CAAi

Mr Kevin Sawyer has 18 years of experience working in regulatory roles in the transport sector. Mr Kevin has been working for the UK CAA since 2014, primarily in Aviation Security regulation but also in General Aviation and most recently as aviation security lead in CAAi. Prior to joining the UK CAA, Mr Kevin spent 12 years with the Department for Transport in a variety of security-related roles ranging from compliance, policy, strategy and head of personnel security and vetting. Mr Kevin has significant experience of working on a number of high-profile security events and policies both domestically and internationally with a focus on risk management. Mr Kevin has an MSc in Risk, Crisis and Disaster Management.

**Mr Ho Kee-Vin**

Director (Cybersecurity and Data Governance), Civil Aviation Authority of Singapore

Mr Ho Kee-Vin is the Director for the Cybersecurity and Data Governance Division (Singapore aviation sector lead) in the Civil Aviation Authority of Singapore (CAAS). He leads a team who works closely with stakeholders to promote and enhance cybersecurity awareness and resilience in CAAS. He is currently a member of both the Cybersecurity Panel and the Trust Framework Panel in ICAO.

Mr Kee-Vin has over 25 years of cybersecurity experience. He first started his career in aviation catering operations as a duty manager back in 1996. He then ventured into IT audit and cybersecurity consulting with a global accounting firm helping clients across the government, defence, and commercial sectors. Mr Kee-Vin has since served in local and regional cybersecurity roles across various sectors such as telecommunications, and banking and finance.
